BOOK SYNOPSIS

Have your rebellious actions and disobedience ever landed you in a place where you found yourself alone and stranded? Well, a young, eleven year old boy by the name of Little Baush is the only student who decides not to participate in the school project of the year, CAREER DAY! With his nonchalant and careless ways, he finds himself in trouble at home and then transported to a strange place known as the "Land of Success." This disciplined place and its authorities take the laws of their land very seriously and will be willing to punish anyone who doesn't operate within the rules of governance. Will Little Baush give in and learn the importance of the lessons set before him? It's up to Little Baush to choose his own destiny, or face the very real consequences of making decisions that conflict with the values of The Land of Success. Will Little Baush risk everything important in his life, including his freedom to try to beat the rules? Will he be forced to stay in this land forever trying to learn this new value system? Little Baush tumbles through an adventure that explores bad decisions, the consequence of those choices, and examines how living inside a value system benefits everyone. Join Little Baush in an entirely new kind of adventure that will resonate with readers young and old.
